Statistics overview and comments, health

Summary 2015

8 litters registered
35 puppies
13 male and 22 female puppies
Average litter size: 4,37
Average inbreeding: 1,125 % (6 generations)
3 puppies imported

In 2015 we had 8 litters with total of 35 puppies registered in Norway. The average litter size was 4,37 puppies (we have one puppy less in the average litter size, ~~than~~ we had in 2014, but then we ~~also~~ ~~just only had have~~ 3 litters). We are still under what's the normal number of litters of or breed. The average inbreeding is low, 1,125% in the 8 litters. ~~That's. It is good that we can keep it sowe can keep it that~~ low.

The Norwegian Kennel Club use 6 generations when they calculate inbreeding and NIHK use ~~their~~ ~~NKK's~~ calculations.

Most of the breeders follow NIHK's breeding recommendations and advertise their puppies on ~~our the~~ webpage. It's nice to see that many different dogs are in the breeding program and many of the imported dogs are used. Most breeders work together with NIHK to increase the genetic variation in our breed.

The appendix contains list with the litters registered in 2015 and the dogs imported in 2015.

Health

The Icelandic sheepdog in Norway is all over a healthy breed.

22 dogs had an eye examination and no one got remarks! Everyone has healthy eyes!
20 dogs was tested for HD and 70% had A og B hips. The C hips results was 15%, for D it's 10% and for E it was 5%. We would like to see ~~that~~ more ~~people owners~~ health tested their dogs.

We know about three dogs with allergy.

1 dog is known (reported) to have patella luxation. That dog is operated as a youngster, and the operation was a success. It was only one knee

Statistics overview and comments, health

Stud dogs

Who have reached – or are close – to the "ISIC breeding limit"

There are still no living stud dogs in Norway **are**-close to the ISIC breeding limit.

Males with more than 20 puppies or more than 40 grandchildren, born in 1995 or later:

Males

Hip Dysplasia (HD)

Total number of x-rayed dogs	2015		2014		2013		2012		2011	
A	8	40%	13	50%	15	58%	11	42 %	9	33 %
B	6	30%	8	31%	3	12%	10	39 %	8	30 %
A+B	14	70%	21	81%	18	70%	21	81 %	17	63 %
C	3	15%	3	11%	2	7%	2	8 %	6	22 %
D	2	10%	1	4%	6	23%	3	11 %	3	11 %
E	1	5%	1	4%	0				1	4 %
C+D+E	6	30%	5	19%	8	30%	5	19 %	10	37 %
In total	20		26		26		26		27	

Further comments:

Method – FCI's rules for x-ray.

Icelandic sheepdog is one of the breeds ~~which have e-have~~ a registration restriction in Norway. The kennel club will only give puppies a pedigree if both parents have known HD-status. If a dog with E-hips is used in breeding, the puppies will get their pedigree, but they can't be used in breeding.

NIHK recommend that only dogs with A, B or C hips are used in breeding. We recommend that a dog with C-hips only should be mated with one who has with A-hips.

Elbow dysplasia (ED)

Total number of x-rayed dogs	2015	2014	2013	2012	2011
Level 0	4	7	2	6	3
Level 1					
Level 2					
Level 3					
In total	4	7	2	6	3

Further comments: It's not very common to x-ray the elbows on Icelandic sheepdogs in Norway. Every dog~~s~~ have A on ED in 2015.

Statistics overview and comments, health

Patella luxation:

Level 0					
Level 1					
Level 2	1				
Level 3					
In total	1				

Further comments: Results from this examination have not been official in Norway. In 2013, NKK did start to write patella luxation results on Dogweb, the Norwegian database. If Icelandic sheepdogs are tested for patella luxation in the future, we will get the results there. There are not every vet who can write this document, they need to be approved of NKK.

We have heard about two Icelandic sheepdogs with patella luxation, but we don't know what level they have. We know about one who is operated for patella luxation, with great-good results.

Eye examinations

Statistics overview and comments, shows, descriptions and events

Mentality descriptions

	2015	2014	2013	2012	2011
Descripted dogs	2	2	1	0	9
In total	2	2	1	0	9

Further comments:

Many Icelandic sheepdog owners are interested in MH. But in Norway it's still not common to have any mentality description on dogs besides working dogs like German Sheppard and Rottweiler. But we have seen that more and more dog clubs has started to [have-arrange](#) these test.

NIHK will arrange MH-test in 2016 at Frya.

Working abilities (herding) descriptions

	2015	2014	2013	2012	2011
Descripted dogs	15		32		
In total	15		32		

Further comments:

We don't have any test in Norway to check the dogs herding abilities.

Else Westerman and Jette Friis did came from Denmark at Oppland and tested dog at our gathering in 2015. 15 dogs were described.

Shows

	2015	2014	2013	2012	2011
Number of shows	32	41	40	52	52
Number of dogs	137	182	182	233	182
In total (dogs)	137	182	182	233	182

Further comments:

The number is total of entrees. We don't know how many individual dogs that have been on shows.

The Norwegian Kennel Club has 11 international dog shows each year for all breeds.

NIHK had 2 special's this year. One at our treff [in at Oeppdal](#), and one during the European dog show. These [two shows](#) had [3222](#) and [274](#) enteries.

There are a huge number of national dog shows and usually we can show our Icelandic sheepdogs on these shows. On many of the national dog shows there was only 1-3 Icelandic sheepdogs.

Statistics overview and comments, shows, descriptions and events

Events

Icelandic sheepdog gathering 2015

In 2015 we had our gathering for the Icelandic sheepdog at Oppdal. This time we have a gathering from Wednesday to Sunday. It was 37 persons signed in for the gathering this year. Special for this year was that Else Westerman and Jette Friis came and gave us the opportunity to get our dogs shepherd tested. 32 of our dogs get their shepherd description this time. They also had and miniseminar where they told us about shepherding of Icelandic sheepdogs and how Else work when they she does her puppy descriptions. We had courses in agility, rally obedience, and how to act in the show ring with our dogs.

This year we had to have a new annual meeting on the gathering to get a new bord for our club.

It was a very nice weekend with dog friends from all over Norway.

Dog show

NIHK's show in 2015

24/05 - 2015

This year we had our dog show at our gathering at Oppdal. It was 32 Icelandic sheepdogs on our show. Judge was: Mona K. Selbach

05/09 – 2015

We also had a special during the European Dog Show 2015. Here we had 274 enteries. Mostly from Norway. Judge was: Hans-Åke Sperne
